

LEXCEL & IIP SUCCESS FOR TPP

The Projects Partnership is delighted to announce that we were successfully re-accredited in March 2006 under the Law Society's Lexcel Quality Assurance Standard and also successfully achieved the new Investors In People standard, which we first obtained in January 2003.

Dr Cathryn Sinclair who carried out the assessments on behalf of assessment body Quality South East commented "Having worked to Lexcel principles from the outset and having worked to achieve Recognition as an Investor in People shortly after gaining Lexcel Certification, the Firm has focused on both quality management and effective people management since its formation in 2001. Its ongoing success and continuing growth bear testament to its dedication to providing a quality service and superlative technical expertise.

The Projects Partnership continues to adhere fully and comprehensively to the requirements of both Standards with commitment and enthusiasm. Managers and other colleagues together ensure that new people understand what is required of them in these respects and are able to apply themselves effectively from the beginning of their employment".

Managing Director, Mark Johnson commented "We are very pleased to receive re-accreditation under both standards and it underlines our aims and values in providing a high quality service to our clients. Well done to all of our staff who have played a part in ensuring our systems and procedures make the grade".
